RESOLUTION OF DISTRICT'S VITAL CONCERN OF DETRIMENTAL EFFECT OF PROPOSED P.G. & E. POWER LINE, BRIONES REGIONAL PARK, AND INSTRUCTING GENERAL MANAGER TO PURSUE MATTER WITH P.G. & E. FOR SUITABLE ALTERNATE ROUTING

WHEREAS the Briones Regional Park is 3100 acres of semi-wilderness area located within the Oakland-Metropolitan Region and in close proximity to the most highly urbanized areas of the East Bay, and contains outstanding scenic values unique within such an urbanized area; and

WHEREAS the park is presently characterized by its isolation and is visually protected from development and other encroachments of civilization by the terrain and because of this isolation, major portions of the park have been designated as a semi-wilderness preserve and nature study area; and

WHEREAS P.G.& E. proposes to construct and maintain a high tension power line across the park for a distance of approximately two miles on an easement existing prior to the acquisition of Briones for park purposes; and

WHEREAS the power line towers are located on prominent terrain features in a manner to be visible from over 50% of the entire park and particularly from those portions designated for wilderness and nature study areas; and

WHEREAS the District has requested P.G.& E. to relocate the proposed power lines to a less intrusive alignment, and did make a presentation to the Public Utilities Commission regarding the degrading effect of the power line on the integrity of Briones Regional Park; and

WHEREAS the Public Utilities Commission found in favor of P.G.& E.,

NOW, THEREFORE, BE IT RESOLVED:

THAT the Board of Directors of the East Bay Regional Park District has been and continues to be vitally concerned about the detrimental effect of this power line facility on the environment, character, and purpose of Briones Regional Park;

THAT the District recognizes the need and obligation of P.G.& E. to provide power to its customers, but believes that alternative routes may be available which are equally suitable to the public interest;

THAT the District urges P.G.& E. to reconsider the significant detriment to the public welfare, if it pursues its proposed course of encroachment into Briones Regional Park;

THAT the General Manager be instructed to pursue the matter with P.G.& E. in an effort to seek suitable alternatives;

THAT copies of this resolution be submitted to the Public Utilities Commission, Pacific Gas and Electric Company, the Sierra Club and other interested parties.
